

Mooring Conditions & Regulations

Dear Client,

Welcome to Artemis Leros Boatyard! Our goal is to make your stay as pleasant as possible. You are kindly requested to read and follow the information below.

1. Any vessel requesting access to the buoys or the pontoon has to get approval from the boatyard through channel 69 via VHF
2. Numbered mooring buoys are available on arrival and they are numbered. Buoys 1 and 2 are the main ones and can be used without permission. Buoys 3 and 4 require permission from the boatyard through channel 69 via VHF. In the event of using buoys 3 and 4 it is essential also to use your anchor in order to keep your boat outside the canal. In any other case, the use of anchor is not allowed unless in an emergency.
3. As soon as you are ready, you may contact us through channel 69 via VHF in order to get permission approaching alongside of our pontoon. If you are single handed please seek for our pilot boat help through channel 69 via VHF.
4. Before entering the canal, you are kindly requested to position all the necessary fenders to the port side of your vessel and then approach alongside to our pontoon. Your genoa **MUST** be removed prior entering the canal.
5. All vessels reaching the canal point must reduce speed not higher than 1 knot. If you are single handed please seek for our pilot boat help through channel 69 via VHF.
6. On arrival at the pontoon, the owner/s, captain/s, or representative of the vessel must check in at the Reception with all the necessary documents. They must inform the reception about the length of stay plan of the vessel, alongside with any possible problems, loss or any damage.
7. Before leaving the boatyard you must inform the reception through channel 69 via VHF. You will then receive any further sailing instructions if needed and help with your lines if required. You must exit the canal in reverse up to the buoy 3 and 4 level before attempting any further maneuver.
8. Mooring is free of charge and the length of stay is depending on capacity. The reception will advise the customer about the length of stay availability. Any further utilities will be charged separately.
9. During mooring in the Boatyard all vessels must be insured and fully supplied with all the safety equipment (fire system, torches and dinghies).
10. All vessels can be supplied with fuel not only at the pontoon. Fuel supply is not prohibited in the boatyard.
11. The Boatyard is not responsible for any personal belongings left on top of your boat unattended.

Mooring Conditions & Regulations

12. You are expected to keep the facilities clean and to respect the instructions given by the boatyard. The laundry, toilets and douches are available for the customers who are using the mooring buoys.
13. It is strictly forbidden to dispose any kind of materials that is dangerous and can pollute our environment. The Boatyard provides you with special bins that you may dispose these materials.
14. All vehicles can be parked in the parking space placed outside the Main Entrance of the Boatyard
15. The Boatyard holds no responsibility when the vessels are in the pontoon or held on the moorings. The owner/captain or representative keep full responsibility for their vessel.

Always at your disposal

The Marina Reception

All the above are according to the Greek Port Authorities and the insurance company. If any owner/representative will not comply with all the above, the Boatyard's insurance is not valid and they are responsible for any damage.
